Project Update November 2023

Creating New Generation Real Estate

Construction of Barbados Tower now at 17th floor, progress now at 44 percent

As of November 2023 the construction progress of the Barbados Tower at The Resort Residences at Azure North has substantially moved forward at 44 percent. The completion of civil works is currently at 17th floor, with preparations underway for the formworks on the 18th floor. Notably, the installation of pre-cast partitions for balconies and interior wall up is making steady headway, currently reaching the 9th floor.

Residents continue to enjoy the beach-inspired amenities such as the white sand Beach Pool and the man-made Wave Pool, as well as the clubhouse amenities.

Barbados Tower is the third tower in the Azure North development. With completion set in 2025, the Tower will add 820 units to the property, bringing the total number of units at The Resort Residences at Azure North masterplan to 2,426.
